

Support for men who are into men

Community Hub
34 Myers St. Bendigo

VACountry offers **one on one peer support** for gay, bi and queer men, including trans men who would like to find out more about the local LGBTI community, social events, relationships, identity, coming out, sex and sexual health, HIV and other topics.

Support sessions take place at our **Community Hub** as part of our **weekly drop-in**. During the session we can make referrals to other programs, services and social supports in your local area.
